Hi Jeff,

"We have to listen to all the bands over and over when we edit the wedding video's. We always enjoy when it's your band because the vocals are always great and makes it easy to listen to while we work!"

The Event Coordinator at Pebble Beach gave us the go ahead on our choice, saying how terrific you are to work with etc; that's a lot coming from a premier venue like the Beach and Tennis Club. Daryl guided us well.

We just arrived home. The wedding was absolute fabulous and the BMJO was superb! At one point while Meghan was dancing, she looked at me and said, "I love my band!" She and David along with the whole crowd of 136 people danced the night away. By the way, you and the rest of the band members are very warm and personable. Thanks so much for steering us in the right direction. It was a memorable evening.

Best Regards,
Candace

You probably don't remember us but you and your 12 piece band played at our wedding on December 30, 1995, at the Sir Francis Drake Hotel in the City and one of the songs you played was Adelweiss. Anyway, we just celebrated our tenth anniversary and wanted to say thank you for the wonderful memories. People are still talking about our wedding and your band.

Jeff,

Thank you for completing my daughter's wedding with your fabulous music, Professionalism and attention to detail. From the start of our process of band selection, you were patient as my daughter and I worked through the

decision. Since this was a major event in our lives and we lacked experience in the selection based on demo tapes and hearsay, you helped us to sort through the decisions. The band makes or breaks a party, and you guys/gals were terrific in keeping the multi-generations present happy and, most importantly, dancing. Our whole family never stopped dancing. Many of our friends told us later that they had never seen so many people dancing to the end of an event. Sometimes the band takes over and dominates the or blasts people away from the dance floor. In contrast, you were engaging and fun.

Dear Jeff,

We wanted to write and tell you how happy we were with Black Market Jazz Orchestra's performance at our wedding last month. Kathleen and I, as well as all of our family and friends, were so impressed by the band's sound and professionalism. We were a bit nervous about our first dance because we had practiced to the CD version of the song that we chose. During the dance, my wife and I commented on how similar the band sounded to the CD and how easy it was for us to dance to it. It was remarkable. Additionally, our guests are still talking about how great you guys were and how BMJO really added to the elegant but fun atmosphere. Not only were people impressed with your flawless performance but your versatility of playing everything from Big Band to 70's to R & B as well.

Thanks for helping make our reception a fun and special event.

Sincerely,

Steve & Kathleen Laipply
